MDYN-73 - MOC MB-280T01 - CONFIGURE DYNAMICS 365 CUSTOMER EXPERIENCE MODEL-DRIVEN APPS

Categoria: **Dynamics 365**

INFORMAZIONI SUL CORSO

Durata:	Categoria:	Qualifica Istruttore:	Dedicato a:	Produttore:
2 Giorni	Dynamics 365	Microsoft Certified Trainer	Consulente Dynamics	Microsoft

OBIETTIVI

With model-driven apps, organizations can customize their user experiences with little to no code and create powerful applications that empower their users and increase productivity. This course is designed to help students learn the skills necessary to configure the Dynamics 365 customer experience model-driven apps, which include Dynamics 365 Sales and Dynamics 365 Customer Insights. In this course, students will learn how to create tables and columns, work with Microsoft Dataverse, and configure the user experience inside a model-driven application. This course is part of a four-course series (MB-280T01-T04) aligning to the MB-280 certification exam.

PREREQUISITI

Students should be familiar with Microsoft Power Apps and basic data modeling principles. Students should be familiar with the Dynamics 365 customer experience suite, including Dynamics 365 Sales and Dynamics 365 Customer Insights.

CONTENUTI
